

Park Derochie Coatings Ltd.

Project Profile: Shell Scotford Upgrader Expansion 1

Park Derochie was awarded the insulation contract for seven (7) storage tanks for the Shell Scotford Upgrader Expansion One Project. The project involved the supply and installation of an innovative composite panel system. The panels were installed using a track lock system for the tank bodies and a JSM system for the heads.

Park Derochie supplied a composite sheet metal and insulator crew and the work was completed safely, on time and within budget.

Project Highlights:

- Over 16,000 hours expended with zero recordable injuries
- Crew size in excess of 25 workers
- Project completed safely & on time
- Project value in excess of \$2.5 million
- Over 215,000 square feet of composite panels supplied & installed
